UNEXPLAINED LIGHTS

Reference: A. D/DSS/72/1/2 dated 20 Jan 81.

1. At Reference you forwarded a report from RAF Bentwaters for information and asked if anyone else might have an interest in the content. You will see from the attached JM, I forwarded a copy to DI55 and PS/ACS(G)(RAF). I have had no response.
2. SOC/CRC Neatishead regret that the radar camera recorder was switched off at 1527Z on 29 Dec 80 and an examination of the executive logs revealed no entry in respect of unusual radar returns or other unusual occurrences.
3. I have spoken with Sqn Ldr Moreland at Bentwaters and he considers the Deputy Base Commander a sound source. I asked if the incident had been reported on the USAF net and I was advised that tape recorders of the evidence had been handed to Gen Gabriel who happened to be visiting the station. Perhaps it would be reasonable to ask if we could have tape recordings as well.
